Version 1.0 — 2025

Community-Driven Meme Token on BNB Smart Chain

1. Introduction

LILOKI is a community-driven meme token launched on the BNB Smart Chain (BSC). The project is built with a long-term vision, prioritizing transparency, fairness, and strong community engagement over short-term speculation.

LILOKI was designed to combine the viral energy of meme culture with a disciplined and transparent launch structure, offering a more trustworthy approach within the meme token space.

2. Vision & Mission

Vision:

To build a long-term, community-driven meme token that stands out through transparency, fairness, and sustainable growth in the BNB Smart Chain ecosystem.

Mission:

- Establish a strong and active token holder community
 - Maintain full transparency in project operations
 - Deliver a fair and secure token launch
 - Build long-term value through community-driven growth
-

3. Token Details

Token Name:

LILOKI

Token Symbol:

LILOKI

Blockchain:

BNB Smart Chain (BSC)

Token Standard:

BEP-20

Total Supply:

500,000,000 LILOKI

Transaction Tax:

0% (No buy or sell tax)

Contract Address:

0x529bA5f9d10ba6D77A6E57499aDc0C40E535d2c4

4. Tokenomics

Presale Allocation — 81%:

405,000,000 LILOKI tokens are allocated for the presale. Any unsold tokens at the end of the presale will be permanently burned, ensuring a fair and deflationary supply model.

Marketing & Development — 19%:

95,000,000 LILOKI tokens are reserved for marketing campaigns, exchange listings, and ongoing project development. These funds support the long-term growth strategy of LILOKI.

Liquidity Lock:

After launch, liquidity (LP tokens) will be locked for 700 days, providing long-term security and confidence for all token holders.

5. Presale Information

The LILOKI presale is conducted through GemPad, a trusted multi-chain launchpad on BNB Smart Chain.

Presale Platform:

GemPad (BNB Smart Chain)

Presale Allocation:

81% of total supply (405,000,000 LILOKI)

Unsold Token Policy:

All unsold tokens will be permanently burned

Post-Presale Listing:

PancakeSwap DEX

Liquidity Lock Period:

700 days after listing

6. Security & Trust

- Liquidity locked for 700 days — eliminates rug pull risk
- 0% transaction tax — no hidden fees on buys or sells
- Verified contract on BscScan
- Transparent token distribution — no hidden team allocations
- Unsold tokens burned — deflationary supply model

■ Security Reminders:

- Admins will NEVER DM you first

- Never share your seed phrase or private keys
 - Always verify the official contract address before buying
 - Only trust official links published in our Telegram and X
-

7. Community & Rewards

The LILOKI community is the foundation of the project. We are committed to rewarding active members through regular events and giveaways.

Liloki Day — 10th of Every Month:

Starting after the presale, every 10th of the month is officially "Liloki Day." We organize monthly competitions worth \$200 in rewards, plus larger special events for our most loyal supporters.

Planned Community Activities:

- Monthly meme contests with token prizes
 - X (Twitter) engagement and shilling contests
 - Community giveaways and exclusive rewards
 - Regular AMAs and community updates
-

8. Roadmap

Phase 1 – Foundation

- Project concept creation
- Brand identity development
- Website launch
- Telegram and X community setup
- Smart contract deployment
- Presale preparation and GemPad listing

Phase 2 – Presale Growth

- Launch the LILOKI presale
- Expand community campaigns
- Increase social visibility
- Run meme contests and engagement activities
- Develop strategic marketing and partnership opportunities

Phase 3 – Launch & Expansion

- Complete presale
- Burn unsold tokens
- Strengthen post-presale marketing
- Expand holder base
- Increase project visibility across the BSC ecosystem

- Improve long-term community engagement

Phase 4 – Long-Term Development

- Expand strategic partnerships
 - Strengthen the LILOKI brand presence
 - Increase ecosystem visibility
 - Explore future development opportunities
 - Continue long-term community and project growth
-

9. Why LILOKI

LILOKI combines the viral energy of meme culture with a more transparent and disciplined launch structure.

Key Strengths:

- Fair launch approach
- Community-first structure
- 700-day liquidity lock
- Transparent token distribution
- Organic growth strategy
- Long-term development mindset

LILOKI is built for supporters who value transparency, sustainability, and strong community foundations in a meme token project.

10. Long-Term Outlook

LILOKI's long-term goal is to continue expanding its community, strengthen its visibility in the meme token market, and establish a trusted project identity within the BNB Smart Chain ecosystem.

Areas of focus:

- Community expansion
 - Brand visibility
 - Holder confidence
 - Strategic growth opportunities
 - Sustainable long-term development
-
